

claims 5 and 11 have been amended to correct terminology used in line 12. Claim 5 also was amended to remove extraneous text present after the period in the claim. Claim 13 was amended in line 5 to provide consistent terminology throughout the claim.

Applicant attaches hereto proposed drawing corrections to Figures 4(b), 5(b), 6(b), 7(a)-(c), and 8(h) shown in red ink. Reference numeral 111a representing the central passageway is proposed to be added to Figure 4(b). Reference numerals 110b representing the lower housing and 111b representing the central passageway are proposed to be added to Figure 5(b). In Figure 6(b), it is proposed to remove reference numeral 121c, add additional stippling to element 115, and add reference numeral 180c representing the friction material. It is proposed to add reference numeral 160d representing the adjustment device to Figures 7(a)-(c). Reference numeral 110e representing the lower housing is proposed to be added to Figure 8(h).

Applicants respectfully submit that all of the claims of this application are patentable. Examination on the merits is awaited.

Respectfully submitted,  
CAHN & SAMUELS, L.L.P.
